### ABOUT ME

3D Junior Artist with 3+ years of experience in product modeling, texturing, and rendering using Blender, Substance Painter, and Photoshop. Experienced in creating visually compelling 3D assets and AI-driven video content for advertising. Currently transitioning into front-end development, actively learning React.js and advanced JavaScript to build interactive web applications. Leveraging a strong visual design background to create engaging digital experiences.

### EDUCATION

B.E ECE  
CAPE INSTITUTE OF TECHNOLOGY  
Kanyakumari  
2017–2021

### LANGUAGES

English

Tamil

### WORK EXPERIENCE

**3d junior artist, Advertflair 3d studio chennai      OCT 2023 – FEB 2025**

- Enhanced visual quality of 3D assets using texturing techniques.
- Created detailed 3D models for various projects with industry-standard software.
- Developed 3D models and textures for virtual reality projects. Generated realistic materials through texture mapping, including UV unwrapping.

**junior artist 3d, zealous services chennai      Jan 2022 – Sep 2023**

Completed a 2-month internship in 3D modeling and texturing using Blender, Photoshop, and Substance Painter; subsequently confirmed as a full-time employee

### SKILL

- 3D modeling
- Texture mapping
- UV unwrapping
- HTML
- CSS
- Javascript
- React

### ACHIEVEMENT

3D & Digital Art Projects: Experimenting with 3D modeling and texturing outside work to refine creative skills.

Learning & Development: Currently pursuing React.js and advanced JavaScript to expand into front-end development.

### CERTIFICATION

UI/REACT COURSE, FITA ACADEMY, CHENNAI – COMPLETED A 3-MONTH INTENSIVE PROGRAM IN UI DEVELOPMENT AND REACT.JS (JULY 2025 – OCT 2025)

### ACCOMPLISHMENTS

Confirmed as full-time employee after a 2-month internship due to outstanding performance in 3D modeling and texturing.
